EDUCATION

The University of California, Irvine

Jun 2029

Major: Computer Science, GPA: 4.00/4.00

Irvine, CA

- Admitted to Campuswide Honors Collegium, recipient of \$10,000 UCIAA Endowed Scholarship (<15 undergraduates/class).

The Harker School

May 2026

GPA: 3.96/4.00 UW (4.44/4.80 W), SAT: 1580, ACT: 36

San Jose, CA

EXPERIENCE

Research Intern

05/2024 - 08/2025

The UC Berkeley Center for Responsible, Decentralized Intelligence (RDI)

Berkeley, CA

- Founding member (1 of 4) and a top code contributor (#1 on GitHub by commits and volume) to *AgentBeats* (github.com/agentbeats/agentbeats), under **Professor Dawn Song**.
- Contributions:** Integrated MCP servers and A2A protocol. Implemented security scenarios (CTF-style exploits, "battle-royale" mode) focusing on CLI-based adversaries. Implemented ~90% of frontend platform. Co-authored standardized integration interface for SDK.
- Impact:** RDI's *AgentX-AgentBeats* competition: \$1M+ in prizes, 1000+ teams participating. Underpins semester-long project worth 60-70% of final grade in Berkeley's upper-level course **CS 294/194-196**.
- Co-author, "AgentBeats: Agentifying Agent Assessment for Openness, Standardization, and Reproducibility" ([arXiv:2606.13608](https://arxiv.org/abs/2606.13608)).

Event Web Developer

01/2026 - Present

The UC Berkeley Center for Responsible, Decentralized Intelligence (RDI)

Berkeley, CA

- Helped organize the **2026 Agentic AI Summit**: Built frontend, conducted outreach, edited summit videos, managed RDI YouTube account.
- Helping organize the **2027 Agentic AI Summit**: Developing event web portal: submission management, reviewer engine, speaker portal, communication center.

NOTABLE PROJECTS

Factorial!

05/2023 - 12/2023

Independent

San Jose, CA

- Developed Google Chrome Extension *Factorial!* to combat news bias. Python, JavaScript, HTML+CSS.
- 2nd Place Congressional App Challenge (CA-28) 2023, 2nd Place Google IgniteCS Expo 2023.**

HONORS & CERTIFICATIONS

2025 U.S. Physics Olympiad (USAPhO) Honorable Mention

Apr 2025

Ranked top ~280 out of 5,848 in the qualifying exam for the U.S. Physics Team.

National Merit Scholarship Winner, \$2500 Prize

Mar 2026

CompTIA Security+ Certification

Dec 2023

CompTIA Network+ Certification

Dec 2023

SKILLS

Programming Languages: Python, C, C++, Java, JavaScript, HTML+CSS

Libraries/Tools: NumPy, Pandas, PyTorch, Svelte/SvelteKit, MCP, A2A, Docker, Git/GitHub
